Stephen Hatch
CCOS Regulation Manager
Rail for London Infrastructure

Dear Stephen,

APPROVAL OF PROPOSAL FOR CHANGE TO THE CROSSRAIL CENTRAL OPERATING SECTION (CCOS) NETWORK CODE

1. The Office of Rail and Road (ORR) has today approved a Proposal for Change (PfC) to the CCOS Network Code, which was submitted to it by Rail for London (Infrastructure) Limited (RfL(I)) on 16 May 2023.
2. This proposal amends the CCOS Network Code to maintain consistency, where relevant, with the Network Rail Network Code following the approval of Network Rail PfC 119. It also amends the CCOS Access Dispute Resolution Rules (ADRR) to maintain consistency with the Network Rail ADRR following the approval of PfC 116.
3. The approval of the PfC is consistent with ORR's section 4 duties.
4. In accordance with Condition C8.3 of the CCOS Network Code, the amendments shall have effect from 24 May 2023.
5. In giving RfL(I) notice of approval ORR also copies this letter and attached notice to all parties identified under Condition A4.1 of the CCOS Network Code.
6. A copy of this letter, the approval notice and marked up copies of the CCOS Network Code and CCOS ADRR, showing all the proposed changes, will be placed on the ORR website. A copy of the approval notice will also be placed on the ORR's public register.

Yours sincerely

A handwritten signature in black ink that reads 'Kirstin Scott'.
